- 1 \*Fedora Ambassadors voted to elect FAmSCo. Do you feel represented by them? I would have entered "By few of them" This option is not listed though. \*Do you feel you can reach a FAmSCo member whenever you need something? I would have entered "Rarely" This option is not listed though. For APAC, there are three FAmSCo, we appreciate Kaio's arrival, but sometimes Kaio is busy. Do others read our logs and try to support us?

- 4 Some questions were hard to answer, specifically: - choose one of the following -> sometimes, choosing one is impossible - list in order of importance -> sometimes, two or three options would need to have the same importance
- 11 Viva Fedora!
- 22 nope
- 28 no
- 29 Our EMEA FAmSCo member needs to attend more IRC meetings. Seems he disappeared.
- 30 I think that FAmSCO is doing a great job, well done.
- 31 You could prevent the burnout if support allows collaboration, and cooperation with RH.
- 33 You have done great work and please keep maintain this Standard!
- 40 Half of the FAmSCo members should do things on full time basis and should be paid.
- 48 Thanks to the board! Great work is done.
- 50 focus on "release early, release often"
- 53 What I as an ambassador feels is mostly missing is more presentation templates and more in-depth talking points, enabling one to quickly produce fresh looking and inspiring Fedora branded presentations. Ideally a new template in time for each release using the graphics produced for that release.
- 54 Need to reactive all the non active ambassador. :)
- 60 +1
- 72 no
- 76 I have been impressed by the way Fedora encourages people to becom involved, and the Ambassadors have been very good for spreading information--especially with the mentor thing.
- 78 Nope. None.
